Note: On-site Releases are from Section 5 of Form R. Off-site Releases are from Section 6 (transfers off-site to disposal) of Form R. Off-site Releases include metals and metal compounds transferred off-site for solidification/stabilization and for wastewater treatment, including to POTWs. Off-site Releases do not include transfers to disposal sent to other TRI Facilities that reported the amount as an on-site release.

* Three facilities in Louisiana, owned by ASCO-US, reported total releases of 17,922,268 pounds in error. The correct amount is 18,461 pounds. The corrections are included in this table, but were received too late to be included in the 2001 Toxic Release Inventory Public Data Release Report.
